

ADVANCES IN PSYCHIATRY AND NEUROLOGY

2004, 13, SUPPLEMENT 3 (19)

Contents

Genetics

PIOTR M. CZERSKI, JOANNA HAUSER, PAWEŁ KAPELSKI, AGNIESZKA SŁOPIEŃ, MONIKA DMITRZAK-WĘGLARZ, MARIA SKIBIŃSKA, MACIEJ WILCZYŃSKI, ANNA MARZEC, JANUSZ K. RYBAKOWSKI – Association study of the 3'UTR VNTR dopamine transporter (DAT) gene polymorphism in patients with early and late onset of schizophrenia 3

PIOTR TYBURA, ANNA GRZYWACZ, GENOWEFA STEPIEŃ, MICHAŁ PARUS, JERZY SAMOCHOWIEC – The search for the relationship between the paranoid schizophrenia occurrence and the COMT gene polymorphism and its influence on antipsychotic treatment efficacy 17

JOLANTA KUCHARSKA-MAZUR, MICHAŁ PARUS, SZYMON SYREK, ANETA RYŻEWSKA, JUSTYNA PEŁKA-WYSIECKA, AGNIESZKA SAMOCHOWIEC, JERZY SAMOCHOWIEC – The association between the dopamine transporter and COMT gene polymorphisms and the personality traits measured by the Temperamental and Character Inventory (TCI) and NEO-FFI in healthy volunteers 25

JUSTYNA PEŁKA-WYSIECKA, JERZY SAMOCHOWIEC, JOLANTA KUCHARSKA-MAZUR, SZYMON SYREK, MICHAŁ PARUS, ANNA GRZYWACZ, JAN HORODNICKI – Association study between the DRD2, DAT1, 5HTT, MAO A and COMT gene polymorphisms and the anxiety and depression levels in alcoholics 35

SZYMON SYREK, JUSTYNA PEŁKA-WYSIECKA, JOLANTA KUCHARSKA-MAZUR, GEORG ARENTOWICZ, JERZY SAMOCHOWIEC – Association study between the serotonin transporter gene polymorphism (5-HTT_LPR) and the intensity of alcohol withdrawal 47

MONIKA DMITRZAK-WĘGLARZ, FILIP RYBAKOWSKI, AGNIESZKA SŁOPIEŃ, PIOTR CZERSKI, ANDRZEJ RAJEWSKI, JOANNA HAUSER – Candidate genes of the dopaminergic system in anorexia nervosa 53

JOLANTA KUCHARSKA-MAZUR, ANNA GRZYWACZ, GEORG ARENTOWICZ, JERZY SAMOCHOWIEC – Genetics of selected anxiety disorders 63

Pharmakotherapy

MONIKA SZEWCZUK-BOGUSŁAWSKA, ANDRZEJ KIEJNA, JAN ALEKSANDER BESZŁEJ, MAGDALENA GRZESIAK, KRYSZYNA ORZECHOWSKA-JUZWENKO, PIOTR MILEJSKI – Studies on the role of the CYP2D6 activity in depressed patients 71

JUSTYNA ORZECHOWSKA, JAN M. HORODNICKI – The assessment of hypothalamo-pituitary-thyroid axis function in depressed patients as a factor supporting the choice of antidepressant – the preliminary study 77

Outcome Prediction

MAGDALENA LETKIEWICZ, SZYMON SYREK, JAN HORODNICKI – Follow-up studies of patients suffering from paranoid schizophrenia: individual and social consequences of the disease (part 1) 87

MAGDALENA LETKIEWICZ, SZYMON SYREK, JAN HORODNICKI – Follow-up studies of patients suffering from paranoid schizophrenia: a long-term prognosis (part 2) 95
